<td><strong>Firm Description:</strong> Having fun, giving back to the community and providing exceptional design and service to our clients define arcDESIGN! Founded in 1999, we are a professional architecture and interior design firm located in beautiful, downtown Indianapolis. Our goal is to make the process easy and enjoyable for our clients to help build long-term relationships, not just projects. Our work ranges from research, healthcare, higher education, religious and corporate. A few of our repeat clients include Indiana University, Simon Property Group, Purdue University, Eskenazi Health, IU Health and Boston Scientific. We employ all of the tools and processes of larger firms, while maintaining the service orientation and fun culture of smaller firms and are particularly versed in the use of Revit and the benefits of creating a BIM model. The leadership at arcDESIGN is dedicated to a work philosophy that is fun, engaging and provides a learning environment for every team member.</td>

Firm Description:
The Consulting Engineers Group, Inc. (CEG) is an employee-owned company (ESOP) that has been a leader in the Precast/Prestressed Concrete Industry for over 50 years. Together, engineers, architects, planners, and drafters provide clients with structural engineering and detailing of precast structures. CEG provides complete specialty engineering services including design, erection drawings, production drawings, project coordination, as well as architectural and engineer of record services. CEG’s work can
be found in hundreds of cities throughout the United States. CEG’s work ranges from large scale projects like U.S. Bank Stadium, home of the Minnesota Vikings, to small parking garages and industrial buildings. CEG is proud to have been a team member in the addition to the University of Illinois’ Memorial Stadium, the alma mater to many of CEG’s employees. Each employee of CEG is not only valued as an owner but as a team member that contributes to each project and most importantly the company’s culture of family.

**Partners in Design Architects**
2610 Lake Cook Rd, Ste 280
Riverwoods, Illinois 60015
www.pidarchitects.com
847.940.0300

**Firm Type:** Architecture
**Days Attending:** Thursday only
**Office Location(s):** Riverwoods, IL; Kenosha WI
**Firm Description:**
Partners in Design Architects has been building our business for over 25 years on a foundation of three guiding principles:
- Passion for design and quality architecture is really our founding and underlying principle. This is what drives us to set our sights on exceeding our clients' expectations rather than working to simply meet them.
- We work best in a Collaborative environment – engaging users, designers, contractors, etc. throughout the entire project – from programming and design thru occupancy. We foster open dialog and idea sharing in a low ego and open minded atmosphere.
- We combine our Vision for the architecture with our clients' vision for the facility to shape your project goals into efficient, attractive and appropriate architectural solutions.
Our team of professionals is hard working and dedicated to our clients. We work closely with clients, consultants, and contractors to provide “whole” building solutions which incorporate appropriate features and technologies to meet project goals.

Our needs are simple. We are looking for talented, motivated and dedicated architectural interns to help staff our diverse and growing firm’s offices in Riverwoods IL and Kenosha WI. Responsibilities will be dependent on experience but in all cases will be broad-based. Our collaborative environment and management style allows staff of all levels to be involved in all aspects of projects and practice. Career and responsibility advancement opportunities are limited only by your own desires and abilities. Diverse project mix includes office, retail, corporate/industrial, educational, health care, municipal, recreational, religious and multi-family residential.

Requirements: MArch (preferred), BArch or BSAS (required), good work ethic, strong design and personal skills. AutoCad, Revit and Sketchup proficiency required. Interest/experience in sustainable design preferred. Let’s get together and talk about your passion - this is your one and only chance to make a great first impression.

We offer competitive salaries, paid vacation and personal time, health and dental insurance, 401k, profit sharing plan and the opportunity to work with talented and dedicated people in a dynamic work environment.

Firm Description:
RATIO is a multidisciplinary design practice offering services in architecture, preservation, interior
design, landscape architecture, urban design and planning, and graphic design. Since our founding in
1982, the firm has partnered with a diverse list of clients and gained a wealth of experience in the
education, community, life sciences, workplace, lifestyle and cultural marketplaces. After more than 30
years, RATIO has evolved to a firm of more than 100 designers and administrative staff. The firm’s four
studio locations in Indianapolis, IN; Champaign, IL; Raleigh, NC; and Chicago, IL allow our team of design
professionals to cross geographic boundaries and provide a high level of architectural design excellence
to clients throughout the country.

**Firm Description:**  
River City Design Group is a design build firm within River City Construction. We work on a variety of projects including educational, religious, healthcare, and interior renovations to name a few. RCDG’s partnership with River City Construction exposes us to other aspects of the construction process including building information modeling services, and various construction administrative duties. RCDG has a small firm feel with a very collaborative environment where young architects can get exposed to all aspects of a project.

**Firm Description:**  
Skidmore, Owings & Merrill LLP (SOM) is one of the leading architecture, interior design, engineering, and urban planning firms in the world, with a 75-year reputation for design excellence and a portfolio that includes some of the most important architectural accomplishments of the 20th and 21st centuries. Since its inception, SOM has been a leader in the research and development of specialized technologies, new processes and innovative ideas, many of which have had a palpable and lasting impact on the design profession and the physical environment. The firm’s longstanding leadership in design and building
technology has been honored with more than 1,700 awards for quality, innovation, and management. The American Institute of Architects has recognized SOM twice with its highest honor, the Architecture Firm Award — in 1962 and again in 1996.

**Firm Description:**  
Wold Architects and Engineers, is a full-service planning, architecture and engineering firm with corporate headquarters in St. Paul, Minnesota and regional offices in the Chicago, Illinois area, and Denver, Colorado.  
Wold Architects and Engineers is a dynamic growth-oriented company providing a wide range of services for its predominately public-sector clients, including troubleshooting and problem solving for existing facility issues and new facility design. Typical new construction projects include K-12 public schools, higher education, courthouses, public offices, fire and police stations, city halls, law enforcement centers and correctional facilities, hospitals, clinics, and senior environments.  
Our goal is to foster long-term relationships, both with our employees and with our clients. Through "real-world" design responsibility, regular mentoring, and continued development, you can design your own future. Your opportunity for experience on a wide variety of project types is unlimited. Your potential is always nurtured.
