The 2013-2014 academic year will mark the fourteenth annual steel design student competition. Administered by ACSA and sponsored by the American Institute of Steel Construction (AISC), the program is intended to challenge students, working individually or in teams, to explore a variety of design issues related to the use of steel in design and construction. Steel should be used as the primary structural material with special emphasis placed on innovation in steel design. http://www.acsa-arch.org/programs-events/competitions/steel-competition

Winning entry below hemingway faculty sponsor
