Architecture High School Competition

This competition is an excellent vehicle for students to explore and interest in architecture and design. It is our hope that this competition will encourage a future generation of architects to enter the design field and will promote the importance of architecture and design to all. Any student in grades 9-12 is eligible to enter.

Guidelines

- The content of the drawing must be architectural—a space, a building, an urban formation, and/or a landscape or a garden.
- Entries can be elevations, sections, or perspectives and can be conceptual or final renderings. Exploration and innovation in unique techniques are encouraged.
- Hand-drawn art is recommended, but original digital art will also be accepted.
- Students are strongly encouraged to create their drawings in situ—at the location.
- A submission of either a single image or a page combining different views, diagrams, and conventions is acceptable. Students should keep these characteristics in mind:
  — Strong quality of line
  — Accuracy of perspective
  — Clear eye for detail
  — Overall good quality of work and clean presentation
- Only one submission per student is allowed.

Prize

The winning senior will receive a $1,000 scholarship to be applied toward study in the School of Architecture at the College of Fine and Applied Arts at the University of Illinois at Urbana-Champaign.* The winning freshman/sophomore/junior will receive a full-tuition scholarship to attend Discover Architecture in 2017.

go.illinois.edu/discover

*All winning seniors must meet the requirements for admission to the University of Illinois and the College of Fine and Applied Arts to secure a scholarship prize.

Deadlines

The Discover FAA High School Competition registration form must be received prior to submitting drawing entry. Upon receipt of registration, detailed directions for submitting drawing will be sent.

November 4, 2016 - Seniors
April 7, 2017 - Freshmen, sophomores and juniors
